FleetOps Trades Mobile Dispatch - Seed Pitch Architecture & Narrative (v1)

4-Page Seed Pitch Deck Architecture, TAM Build & Unit Economics Breakdown

1. SEED ROUND OBJECTIVES & EXECUTIVE SUMMARY

FleetOps Technologies is raising a $1.8M Seed Financing round to capture the underserved commercial trade fleet software market.

Incumbents like ServiceTitan have built $10B businesses serving residential consumer contractors, leaving 450,000 commercial mechanical, electrical, and plumbing contractors stranded with bloated, expensive, cloud-dependent tools.

2. 10-SLIDE SEED DECK BLUEPRINT & NARRATIVE ARCS

- Slide 1: Executive Title: FleetOps - The Modern Operating Engine for Commercial Trade Fleets.
- Slide 2: The Core Problem: Basement dead-zones and $300/mo ServiceTitan pricing hostage.
- Slide 3: The Solution: Offline-first SQLite mobile engine with zero-conflict CRDT sync.
- Slide 4: Product Deep Dive: 90-second work order closing and instant equipment asset logs.
- Slide 5: Market Opportunity: $8.2B North American Commercial Trade Fleet TAM.
- Slide 6: Early Traction: $42.6k MRR, 182 active technicians, 118.4% Net Revenue Retention.
- Slide 7: SaaS Unit Economics: $1,420 CAC, $12,800 LTV, 9.0x LTV/CAC, 4.2-month CAC payback.
- Slide 8: Competitive Moat: Dedicated commercial workflows vs residential consumer portals.
- Slide 9: Leadership Team: Alexa Quintero (CEO, Ex-Procore), CTO (Ex-Samsara Mobile Lead).
- Slide 10: The Ask: $1.8M Seed Round to scale to $200k MRR ($2.4M ARR) in 18 months.

3. BOTTOM-UP MARKET SIZING (TAM / SAM / SOM)

Market Tier	Target Contractor Profiles	North American Count	Average Annual ACV	Total Segment Sizing
Total Addressable Market (TAM)	All Trade Fleets (1-100 vans)	620,000 contractors	$13,200 / year	$8,184,000,000
Serviceable Addressable Market (SAM)	Commercial Mechanical / HVAC / Electric	180,000 contractors	$15,800 / year	$2,844,000,000
Serviceable Obtainable Market (SOM)	Independent Fleets (8-40 vans, Texas/CO)	32,000 contractors	$14,400 / year	$460,800,000

4. SAAS COHORT METRICS & CAPITAL MILESTONES

- Customer Acquisition Cost (CAC): $1,420 blended across trade association partnerships and direct inside sales.
- Customer Lifetime Value (LTV): $12,800 based on $105/mo blended seat ACV and 0.8% monthly gross churn.
- LTV / CAC Ratio: 9.0x (Top decile for vertical B2B SaaS).
- Cash Runway: $1.8M financing delivers 22 months of runway with 7 full-time employees.
