Studio Brown — Homepage & Booking Flow Copy Audit Report

90-Day Funnel Diagnostic & Copy Architecture · Studio Brown East Austin

---

1. EXECUTIVE DIAGNOSTIC SUMMARY

Studio Brown's existing portfolio captures exquisite natural light imagery, but the current intake workflow experiences an acute 68% visitor abandonment rate prior to inquiry submission.

Key Friction Points: (a) Generic hero messaging lacking geographic anchoring; (b) Hidden pricing requiring prospective clients to fill out a 14-question form before discovering whether rates match their budget; (c) Conflation of commercial editorial commissions with personal creative portraiture.

2. HERO SECTION REPOSITIONING & GEOGRAPHIC MOAT

Current Headline: 'Visual storytelling for modern life' (Generic; does not signal local Austin studio availability).

Recommended Headline: 'Editorial portraits & brand campaigns that feel authentic, modern, and enduring.'

Recommended Subhead: 'Specializing in commercial brand lookbooks, executive editorial profiles, and intimate creative portraiture. Based in East Austin with worldwide travel availability.'

Social Proof Strip: Prominently feature verified editorial publications: Featured in Austin Monthly · Kinfolk Magazine · Rangefinder Award Winner · Architectural Digest Features.

3. UPFRONT PRICING ANCHORS & PACKAGE TRANSPARENCY

Industry benchmark data proves that high-end creative studios display baseline investment anchors to pre-qualify inbound clients and eliminate repetitive pricing back-and-forth.

- Tier 1: Essential Session ($450 flat) · 60 minutes studio time, 15 retouched images, 1 wardrobe look, 7-day turnaround.
- Tier 2: Studio Session ($950 flat) · 2.5 hours, 35 retouched images, 3 wardrobe looks, commercial license, raw archive.
- Tier 3: Full Day Campaign ($2,200 flat) · 6-hour studio + location block, 75 selects, creative direction, commercial buyout.

4. STREAMLINING THE INTAKE FUNNEL: FROM 14 FIELDS TO 5 ESSENTIALS

Eliminate redundant preliminary questions (shoe size, extensive Pinterest boards, complex budget sliders). Convert the inquiry form to five frictionless data points:

1. Full Legal Name

2. Email Address & Direct Mobile Phone

- 3. Preferred Session Date (with interactive Monday–Friday studio calendar picker)
- 4. Selected Package Tier (dropdown pre-populated with Essential, Studio Session, or Campaign)

5. Creative Vision & Wardrobe Notes (open-text brief)

5. POLICY CLARITY & DEPOSIT AUTOMATION

Clearly state studio deposit terms: 'A 50% non-refundable retainer secures your date on the East Austin studio calendar. Rescheduling is permitted up to 48 hours prior to call time without penalty.'

Projected Funnel Impact: Cutting field count by 64% and establishing upfront transparent tiers is projected to increase qualified monthly inquiries by 42% while reducing administrative scheduling email exchanges by 5 hours weekly.
