ApexDesk · DTC Storefront Launch & Conversion Optimization Checklist (Final)

25-Point Comprehensive Technical, Conversion & Operational Pre-Flight Launch Audit

---

SECTION 1: CORE E-COMMERCE & CHECKOUT FUNNEL INTEGRITY (ITEMS 1–5)

- Item 01 [PASS]: Shopify variant SKU matrix verified (AD-01 Matte Black, AD-02 Aerospace Silver) with real-time inventory allocation locks.
- Item 02 [PASS]: Express Mobile Checkout: Apple Pay, Google Pay, Shop Pay, and PayPal Express tested on iOS Safari and Android Chrome.
- Item 03 [PASS]: 2-Stage Cart Recovery: 1-hour email reminder with active cart session snapshot; 24-hour follow-up offering $10 modular accessory credit.
- Item 04 [PASS]: Dynamic International Shipping: Carrier-calculated USPS Priority, UPS Ground, and DHL Express rates with automated duty/VAT estimator.
- Item 05 [PASS]: Transactional Notifications: Automated order confirmation, warehouse dispatch tracking webhook, and digital quick-start PDF guide delivery.

SECTION 2: PRODUCT DETAIL PAGE (PDP) CONVERSION & TRUST ARCHITECTURE (ITEMS 6–10)

- Item 06 [PASS]: Official Qi2 15W MagSafe Certification: WPC compliance badge and fast-charging certification seal rendered above the fold.
- Item 07 [PASS]: Triple Risk-Reversal Badges: 30-Day Money-Back Guarantee, 2-Year Hardware Replacement Warranty, and Free Carbon-Neutral US Shipping.
- Item 08 [PASS]: Interactive Color Switcher: Real-time visual re-render between Matte Black and Aerospace Silver without page reload latency.
- Item 09 [PASS]: Modular Accessory Bundle Builder: Interactive add-on checkboxes for Apple Watch puck (+$39), AirPods tray (+$29), and Walnut tray (+$25) dynamically updating price.
- Item 10 [PASS]: Customer Social Proof: Embedded quotes from tech editors, industrial designers, and verified Batch 1 pre-order reviewers.

SECTION 3: TECHNICAL PERFORMANCE, CORE WEB VITALS & MOBILE UX (ITEMS 11–15)

- Item 11 [PASS]: Largest Contentful Paint (LCP): 1.14s on 4G mobile through WebP responsive srcset compression and Cloudflare CDN asset delivery.
- Item 12 [PASS]: Cumulative Layout Shift (CLS): 0.01 score achieved by declaring explicit width/height dimensions on all hero media and SVG icons.
- Item 13 [PASS]: Mobile Viewport Optimization: 48px minimum touch targets, sticky bottom pre-order purchase drawer triggering on 25% page scroll.
- Item 14 [PASS]: Security Headers & SSL: Strict-Transport-Security (HSTS), Content-Security-Policy, and TLS 1.3 encryption verified with A+ SSL rating.

- Item 15 [PASS]: 404 Error Routing & Redirection: Custom error landing page featuring site search, direct support chat link, and top hardware accessories.

SECTION 4: CONVERSION TRACKING, ATTRIBUTION & ANALYTICS (ITEMS 16–20)

- Item 16 [PASS]: Meta Conversions API (CAPI): Server-side event deduplication configured for ViewContent, AddToCart, and Purchase events.
- Item 17 [PASS]: Google Analytics 4 (GA4): Enhanced e-commerce purchase tracking with exact order ID, variant SKU, and tax/shipping breakdown.
- Item 18 [PASS]: Paid Acquisition Tags: TikTok Pixel, Pinterest Tag, and Google Ads conversion actions tested via Google Tag Manager preview.
- Item 19 [PASS]: Google Merchant Center Sync: Automated daily product feed sync enabled for Google Shopping and YouTube product cards.
- Item 20 [PASS]: Heatmap & Session Tracking: PostHog event logging active to monitor cart abandonment drop-off points during launch week.

SECTION 5: POST-PURCHASE LOGISTICS & HARDWARE ONBOARDING (ITEMS 21–25)

- Item 21 [PASS]: Omnichannel Support Desk: Gorgias live chat and email ticketing configured with pre-set hardware FAQ automations.
- Item 22 [PASS]: Unboxing Insert Experience: 4x6-inch foil card with QR code directing to video setup guide and warranty registration.
- Item 23 [PASS]: Self-Service RMA Portal: Automated return merchandise authorization with printable pre-paid QR return shipping labels.
- Item 24 [PASS]: Batch 1 Pre-Order Production Updates: 3-part automated email journey updating customers on CNC milling, anodizing, and final QC.
- Item 25 [PASS]: Post-Delivery UGC Review Campaign: Automated email trigger 14 days post-delivery offering $15 store credit for video desk setups.
