Commercial Facility Maintenance Proposal - Tampa Bay Medical Plaza (Final)

Turnkey Clinical Sanitation & Facility Upkeep for 48,000 Sq Ft Medical Complex

EXECUTIVE PROPOSAL & CONTRACTUAL MANDATE

Liza Facility Services LLC is pleased to submit this formal RFP response and binding commercial maintenance contract for Tampa Bay Medical Plaza. We provide turnkey clinical-grade sanitation, terminal room disinfection, environmental services (EVS), and 24/7/365 rapid emergency response across all four (4) multi-tenant medical office buildings comprising 48,000 gross square feet.

Firm Fixed Retainer: $3,850.00 per month ($46,200.00 annualized) guaranteed firm fixed pricing for 24 months, encompassing all regular evening custodial operations, supervisory inspections, consumables dispensing, and quarterly mechanical floor care.

SECTION 1: FACILITY PROFILE & CLINICAL FOOTPRINT BREAKDOWN

The commercial cleaning scope spans 4 detached medical facilities housing specialty outpatient practices, clinical testing labs, pediatric suites, and ambulatory care centers.

Building Designation	Primary Medical Occupancy	Gross Area (Sq Ft)	Exam / Procedure Rms	Clinical Restrooms	Floor Substrates
Building A - Medical Arts	Primary Care & Internal Medicine	14,500 sq ft	18 Exam Rooms	6 Multi-Stall / 4 Private	Commercial VCT & Terrazzo
Building B - Pediatric Center	Pediatric Therapy & Urgent Care	11,200 sq ft	14 Exam Rooms / Sensory Gym	4 Pediatric / 2 Staff	Seamless Sheet Vinyl & Matting
Building C - Surgical Outpatient	Endoscopy & Minor Surgery Suites	12,800 sq ft	6 Minor Op Suites / 8 Recovery	6 Scrub / 4 Clinical	Anti-Microbial Sealed Flooring
Building D - Diagnostic Imaging	MRI, CT, Phlebotomy & Lab	9,500 sq ft	4 Draw Stations / 2 Scanner Halls	4 Public / 2 Lab Private	Static-Dissipative Tile (SDT)
Total Plaza Footprint	4 Commercial Medical Facilities	48,000 sq ft	42 Clinical Rooms	28 Sanitary Units	100% Non-Porous Cleanable

SECTION 2: ROOM-BY-ROOM CLINICAL CLEANING & TERMINAL PROTOCOLS

Operations execute in strict compliance with CDC Healthcare Environmental Infection Control Guidelines and OSHA 29 CFR 1910.1030 (Bloodborne Pathogens Standard). All exam rooms receive terminal sanitization nightly.

Facility Area	Service Frequency	Mandatory Chemical Class	Target Wet Contact Time	Primary Disinfection Touchpoints
Main Lobbies & Atriums	5x Weekly (M - F Nightly)	EPA List N Neutral Quat	5 Minutes Wet Dwell	Vestibule door hardware, reception counters, check-in touchscreens
Exam & Consultation Rooms	5x Weekly (M - F Nightly)	Hydrogen Peroxide Sporicidal	10 Minutes Wet Dwell	Exam tables, phlebotomy chairs, mayo stands, sink fixtures, stool levers
Minor Procedure Suites	5x Weekly (Terminal Clean)	Hospital Bleach / Sporicide	10 Minutes Wet Dwell	Surgical overhead lamps, articulating arms, stainless casework, kick buckets
Clinical Restrooms	5x Weekly (M - F Nightly)	Acid-Free Bathroom Disinfectant	10 Minutes Wet Dwell	Flush levers, grab bars, sanitary disposal boxes, touchless soap valves
Staff Breakrooms / Lockers	5x Weekly (M - F Nightly)	Food-Contact Sanitizer (D2)	60 Seconds Dwell	Microwave keypads, refrigerator handles, coffee carafes, table tops
Common Hallways & Elevators	5x Weekly + Weekly Scrub	Green Seal GS-37 Neutral	Air dry following mop	Call buttons, handrails, terrazzo flooring, wall bumper rails

SECTION 3: GREEN SEAL GS-37 & EPA LIST N CHEMICAL MANIFEST

Liza Facility Services utilizes an exclusively certified closed-loop chemical dispensing system to eliminate airborne volatile organic compounds (VOCs) and protect sensitive pediatric and asthmatic clinical visitors.

Product Commercial Name	Manufacturer	Active Chemistry	EPA Reg Number	Dilution Ratio	Microbial Kill Spectrum
Oxivir Tb Disinfectant	Diversey	Accelerated Hydrogen Peroxide	70627-56	Ready to Use	MRSA, Norovirus, SARS-CoV-2 (1-min kill)
Virex II 256	Diversey	Quaternary Ammonium Chloride	70627-24	1:256 Dispensed	Broad-spectrum bactericidal, virucidal, fungicidal
Prominence Floor Cleaner	Diversey	Non-Ionic Surfactant GS-37	N/A (Green Seal)	1:375 Dispensed	Neutral pH, leaves no dulling alkaline residue
Alpha-HP Multi-Surface	Diversey	Hydrogen Peroxide GS-37	N/A (Green Seal)	1:64 Dispensed	Interior partition glass, polished stainless, casework
Clorox Healthcare Bleach	Clorox Pro	0.55% Sodium Hypochlorite	56392-7	Ready to Use	Clostridioides difficile (C. diff) spores (3-min kill)

SECTION 4: CLINICAL MACHINERY & HEPA FILTRATION MANIFEST

All equipment utilized on site remains dedicated strictly to Tampa Bay Medical Plaza to eliminate any potential cross-contamination between outside commercial properties.

Machinery Description	Make & Model	Filtration Standard	Operating Noise (dBA)	Unit Allocation	Deployment Schedule
HEPA Backpack Vacuum (10 Qt)	ProTeam Super Coach Pro	Four-Level HEPA (99.97% @ 0.3u)	65.8 dBA (Whisper Quiet)	4 Dedicated Units	Daily corridor & lobby vacuuming
Walk-Behind Auto-Scrubber (20")	Tennant T300 Micro-Scrub	Dual-cylindrical scrubber heads	67.0 dBA	1 Plaza Unit	Weekly common corridor terrazzo scrub
High-Speed Burnisher (2000 RPM)	Clarke Ultra Speed 20T	Active dust containment shroud	68.0 dBA	1 Plaza Unit	Monthly lobby high-gloss burnishing
Cordless Electrostatic Sprayer	Victory Innovations VP300	Positively charged 40-micron spray	58.0 dBA	2 Mobile Units	Terminal room wrap-around disinfection
Carpet Extraction Extractor	NSS Stallion 818 High-Temp	Continuous 212°F water injection	72.0 dBA	1 Plaza Unit	Quarterly clinical waiting room extraction

SECTION 5: CREW ROSTER, SHIFT SCHEDULE & 120-MINUTE EMERGENCY SLA

Our operations deploy a dedicated, background-screened, bilingual commercial cleaning crew assigned exclusively to the Tampa Bay Medical Plaza complex.

Operational Role	Headcount	Shift Window	Security / Background Clearance	Primary Assignment
On-Site Operations Supervisor	1 Lead FTE	5:30 PM - 1:30 AM (M - F)	Level 2 FDLE Background + HIPAA Certified	Building walk-throughs, ATP swab tests, sign-offs
Clinical EVS Technician 1	1 Tech FTE	6:00 PM - 12:00 AM (M - F)	Level 2 FDLE + OSHA Bloodborne Pathogens	Building A (Medical Arts) Exam & Restroom Terminal
Clinical EVS Technician 2	1 Tech FTE	6:00 PM - 12:00 AM (M - F)	Level 2 FDLE + OSHA Bloodborne Pathogens	Building B (Pediatric Center) Disinfection & Gym
Clinical EVS Technician 3	1 Tech FTE	6:00 PM - 12:00 AM (M - F)	Level 2 FDLE + OSHA Bloodborne Pathogens	Building C (Surgical Suites) Terminal Sterilization
Utility & Floor Specialist	1 Tech FTE	6:00 PM - 12:00 AM (M - F)	Level 2 FDLE + Machine Operator Certified	Building D + Plaza-wide auto-scrubbing & waste

120-Minute Emergency Dispatch SLA: Liza Facility Services maintains a 24/7/365 emergency on-call team. For active biological fluid spills, sudden plumbing backups, or roof condensation leaks, our emergency response technician guarantees arrival on site within two (2) hours of ticket dispatch.

SECTION 6: 24-MONTH COMMERCIAL PRICING & AUTHORIZATION SCHEDULE

This proposal provides comprehensive commercial coverage under a transparent, all-inclusive monthly retainer. No hidden fuel surcharges or supply escalators.

Billing Component	Coverage & Inclusions	Billing Unit	Monthly Rate	Annualized Cost
Core Monthly Clinical Retainer	Daily custodial labor, supervisor audits, trash removal	48,000 Sq Ft	$3,850.00	$46,200.00
Consumables Dispensing Mgmt	Stocking multi-fold hand towels, toilet tissue, foaming soap	All 28 Restrooms	Included	Included in Retainer
Quarterly High-Gloss Floor Buffing	Machine auto-scrub and high-speed polish of VCT & Terrazzo	All Common Areas	Included (4x/yr)	Included in Retainer
Annual Strip & Wax Refinishing	Complete chemical strip, 4 coats commercial polymer finish	Exam Rooms & VCT	$0.42 / sq ft	Scheduled Project Rate
Emergency Biological Spill Callout	Hazardous spill cleanup, certified biohazard box disposal	Per Occurrence	$145.00 flat + hr	On-Call Supplemental

SECTION 7: QUALITY ASSURANCE & ATP BIOLUMINESCENCE SWAB PROTOCOL

Quality assurance is tracked digitally via weekly Hygiena EnSURE Touch ATP bioluminescence swab testing. High-touch surfaces in procedure rooms must test below thirty (30) Relative Light Units (RLU). Any surface exceeding threshold is recleaned and re-swabbed immediately at no additional cost to building management.
